

putExtras

com.toast.android.gamebase.base.  
GamebaseError.newErrorByServerError

```
graph LR; A[com.toast.android.gamebase.base.  
GamebaseError.newErrorByServerError] --> B[putExtras];
```

The diagram illustrates a call to the `putExtras` method. A blue arrow points from the `GamebaseError.newErrorByServerError` method in the `com.toast.android.gamebase.base` package to the `putExtras` method.
