

com.toast.android.gamebase.  
Gamebase.getCountryCodeOfDevice

```
graph LR; A["com.toast.android.gamebase.  
Gamebase.getCountryCodeOfDevice"] --> B["getCountryCodeOfDevice"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'com.toast.android.gamebase.' on the first line and 'Gamebase.getCountryCodeOfDevice' on the second line. The right box is gray with a black border and contains the text 'getCountryCodeOfDevice' on a single line.

getCountryCodeOfDevice
