

newError

newErrorWithAppendMessage

newErrorWithAppendMessage

```
graph LR; A[newError] --> C[newErrorWithAppendMessage]; B[newErrorWithAppendMessage] --> C;
```

The diagram illustrates a mapping or inheritance relationship. On the left, there are two separate boxes: 'newError' (top) and 'newErrorWithAppendMessage' (bottom). Arrows from both of these boxes point towards a single, larger box on the right labeled 'newErrorWithAppendMessage'. This box is shaded gray, while the others are white. This suggests that the 'newErrorWithAppendMessage' box on the right is the final or unified result of the two inputs on the left.
