

getServerUrlList

```
graph LR; A[getServerUrlList] --> B[getZoneType]
```

The diagram consists of two rectangular boxes connected by a horizontal blue arrow. The left box is dark gray with a black border and contains the text 'getServerUrlList'. The right box is white with a black border and contains the text 'getZoneType'. The blue arrow points from the right side of the first box to the left side of the second box.

getZoneType
